## Chapter 70

『The Axeplant kingdom: the Axeplant castle: king room』

[..... Bad,..... really bad.....]

I am in trouble.

[Fumu.....。 This is surely bad. This condition.....]

Zegius agreed while brushing his mustache.

[Right? I had a lot of trouble while founding my country, at this rate --]

That's right, I'm here at the farthest corner of 《Euphrates dukedom》.

The fort was covered with weeds and full of cobwebs. Truly, this place hasn't been treated at all. Well, it's a place where bandits appear on the side of the mountain frequently and where they freely make their base without permission.

The surrounding is around 500 UL (ウムラウト/ Umlaut). In other words, the entirety of the [mountains].

It's good that I deposited funds amounting to approximately 1 billion G and bought it from the King of Euphrates, but—.

[..... The hygienic condition of here is bad, no matter how many times I drive them away, the bandits won't disappear .....]

[That can't be helped. Those guys are survivors of the 『goblin group』 of the ancient times. There is no hope that they will leave, they made a base at the mountainous area, and are living there.]

[What is it Zegius? The way you are speaking.....。 It's not like, I'm the one who expelled these guys from the castle.]

[Fofof. Is that so? Likely, If had heard so, don't you think?]

Zegius touched his mustache while laughing.

[You ... In spite of the minister .....。 Whatever, this pattern has already been

repeated dozens of times ..... Haa .....]

I sighed and sat cross-legged on the throne while scratching.

...

That hero .... If I remember he was someone called Gail?

At least nine months had elapsed after he was possessed by the 《 King of spirit 》and went on a rampage during the 『castle invasion』by the demon king force.

The attacked Azel limes castle has already carried out a full restoration. Afterward, there haven't been any big movement in the demon King army.

The rumor from the hero army, was that the thick headed king from Azel limes enforced a new law, and there was no sign of them marching now either.

In short, when seeing by the commoners who didn't participate in the war at all, it can also be said that 『peace』 continues to a certain degree.

[I have to do something..... with this poor life.....Haa~.....]

It's about 『money』 that I've been definitely in trouble since a little while ago.

1 billion G for buying this land and fort from Euphrates.

And 200 million G for repairing the fort as an impromptu castle.

Moreover 9 members.

It's me, Zegius, Ruru, Rei, Alzein, Selen, the pervert man, Lily and Tao.

The maintenance cost of this castle is used for the cost of living of these nine people.

Well, it is Alzein and Selenium drinking cost, clothes charges of Rei, my hobby expense, etc. That it costs money the most .....。

Also, the smithery cost of Zegius, too, it costs a lot of money, but because it's for the maintenance of our weapons and protection, the reward has been paid by the client...。

[Hey, by the way..... Is it possible to make a weapon or armor with the cheap

materials in stock, and sell it for a high price? Zegius-jiisan!?)

[Don't say an unreasonable thing. If I did such business, no customers would come.]

[Eh~? Look, the advertisement as 『The Legendary blacksmith craftsman Zegius Bahamut product! 』 there.....]

[..... Do you intend to make a fool of me?]

[Good, isn't it? No one is going to know about it, naturally. Eh? What's with that face?]

At the moment when I said that, the hammer of the blacksmith tools flew towards me.

I caught the hammer grip with one hand, and I avoided crashing with it with god-like quick steps.

And, I turned around with a 『Self-satisfied look』 towards Zegius dirty face

[..... That reminds me, I didn't wash my hands after going to the toilet]

[Dirty!!]

I threw powerfully the hammer into the ground.

[Don't imitate such elementary students like behaviour!! With Jijii position !]

[Fofofo, you're naive Kazuha..... 。 Here, want some hot tea?]

[Wash your hannnndddsss!!!]

My screams echoed in the King Room.

I left the King Room and walked randomly in the corridors of the Fort while putting one hand on the chin and thinking.

A lot of money was used without problem, but it has disappeared before founding a nation.

I mean, I can't possibly catch up to the expenses necessary for founding a country with the money in hand.

For three whole months, I earned money diligently from quest rewards achieved one after another in the guild.

And the money which I had finally saved has vanished all with the founding of my country.

After that for about half a year, the high-income quests didn't come out because for the time being the world has become peaceful.

Somehow I managed to receive some quests and earned cost for living by participating in the other countries as a 『voluntary army』, but.....。

[Umm, mmm. Something.....Is there not something? Something, such as a part-time job where I can obtain short-term money in no time.....? Butsubutsu.]

DON.

[Kya!!]

I hit someone when walking in the corridor while looking down.

[Ah, Sorry Lily. I was thinking about something, and...]

I gave my hand to Lily who fell.

[Mou .....。 But I also can't call out to people while walking and reading a magic book.....]

(Note: This one was a little difficult to order because it used a japanese grammatical expression for actions to happen at the same time)

Lily stood up while swinging her skirt.

[De...? As for Her Majesty Queen, What were you thinking as to not be able to see while walking?]

[.....Somehow it irritates me, that unnatural honorific...]

Lily laughed fufu, and said 『really!』 while sticking out her tongue

I am stopping her who was going to begin to walk again.

Lily seems to have some good idea but .....

[Hey, Lily. Something, Uh... Isn't there a way to gain money easily?.....]

[Money? ..... Ah, I see, was the queen analyzing financial difficulties of our country?]

[..... This is because you think about nothing.....]

[Arara, you say some unexpected things. But it is ....., Oh well.....]

After doing a gesture as if thinking, Lily turned her face to me with a smile.

[Oh, that face, did you think about any idea?]

[No. Nothing was thought of.]

[.....]

[Just kidding. .... For example, isn't Kazuha now a 『super celebrity』?]

Lily ignores my stares and continues.

[『War maiden Kazuha Axeplant』, how about using this popularity?]

[... Use popularity for... What on earth should I do?.....]

[Umm, well..... 。 For example... you gain the favor of some super-wealth person and ※※※※ and do that ※※※, like that?] (TLN :the censor are based on the original source)

[.....]

[Just kidding]

[You .....were you perhaps an 『evil-minded character』?]

[What? (Niko/Pleasantly smiling)]

[Ah, No. Nothing]

I turned back with a step and not looking at Lily who was standing with a scary smile.

What's this?

She.....was she like that?

That reminds me, the pervert man..... Graham, I noticed that his attitude has been different than at the previous life after I became a 『woman』...

( ..... Lily may have changed her attitude than that of the previous life, as well as that fool because I am a 『woman』 ..... )

『Man』 I who was a 『Hero』 and.

『Woman』 I who became a 『Queen』.

As long as no different troublesome thing happens again, it's somewhat good.....

I who had thought so, for now I am—.

—— going to take a bath in the large public bath, because I touched the dirty hammer of Zegius.

# Chapter 71

『The Axe plant castle: In front of a large bathroom』

[Ah!, This, this..... My beautiful her Majesty is in a good mood. ]

I meet with Graham in front of the large bathroom.

[..... You know, Graham. Because is disgusting, could you stop talking politely?]

[Dis.....!]

Graham holds his heart, and grimaces in pain.

Because it seems to be troublesome, I stepped into the bathroom without touching the subject.

[.....]

[.....]

[.....Oi]

[Yes!]

[.....]

[Yes?]

Graham seems unable to understand the intention of my voice.

In addition, his face is totally disgusting, but.....

[Here is the ladies' bath]

[..... Ha]

Graham ran away with strange movements backward.

To confuse the ladies bath with regards of the men bath.....

I mean he is wandering in front of the bathroom, I suppose he's peeking in the woman's bath right?

Is it alright to leave the guard corporal of this country to that guy?.....。

...

There's no one in the large bathroom.

Isn't there a person who takes a bath at such hour at noon?

I took off my clothes and opened the door of the large bathroom.

[Oya, Is Kazuha taking a bath too?]

..... There she is.

The fool who drinks sake while soaking in the bathtub at middays.

[How do you do? You want some to?]

[You, why are you inside the bath though there are no clothes in the changing room?]

[Clothes ..... I have taken off such thing in my room before coming in?]

[Did you come here naked?!! Because of you Alzein is that Graham is wandering around!!]

I threw it to the ground a bucket that I was holding in my hand.

[Now, now, you do not need to say so much in detail, Her Majesty]

[.....You guys.... I knew someday you would be calling me『 Her Majesty 』, but, don't you think it doesn't fit me?]

[Yes, it doesn't]

[Admitted!?!]

Shit, everyone makes a fool out of me.....。

Just you wait and see..... BUTSUBUTSUBUTSU.....。

I picked up a bucket and went to the washing space.

[..... De? I saw in your face that you are troubled. So speak. This Alzein will hear it.]

Alzein leaned forward to where I was while soaking in the bath.

Because young people around country don't have that kind of posture, please stop.

[It's because your living expenses are too much that we are falling into financial difficulties]

[Ah! ..... This again .....gubibi(gulp)]

[It's because your living expenses are too much that we are falling into financial difficulties!!]

[?? I see..... Gubibibi]

[Do not 『I see..... Gubibibi』me!! Is because of you drinking sake since early everyday, You listen to me..!!]

In that moment, I looked at the posture of Alzein who was drinking sake.

Her figure while drinking sake who seems like obscenity bamby, is really luscious.

I want to tie you with a 《tight binding》, Hey!

[Good grief.....。 You are so rude, rude....butsubutsubutsu....]

[However ..... It is a serious thing that decides if a country prospers whether it comes to a financial difficulty]

[That is right. Therefore, you also must work. ]

[.....Do you know some super-wealth person around here?]

[You had the same idea as Lily, fool (Baka)! You were second place in the tournament .....where....is it....?]

.....。

That's right.

That way exists.

I got an idea and then I stood up.

[..... It may be better to grow a little more, Kazuha]

[Eh?]

I look at Alzein \*gubibi\* drinking sake.

[Cover it ..... The front]

[The front .....]

[Gubibi]

[.....]

[Gubibibi]

[lyaaaaaaaaaaaaaaaaaaaaaaaaaaaaa!!! ///]

— [kapon] —(※ A thing that makes a sound in the garden place, such as in some style Japan hot spring hotel, made from bamboo)

『The Axe plant castle: king room』

[I will be participating in the competition tournament]

I returned to the king's room and informed Rei -san who was preparing tea cake and in the distant Zegius who was \*chinkonkankon\* as usual.

[Kazuha-sama aaaa /// Kazuha-sama whose body is glowing after taking a bath, AAA /// Yes.....! ///]

I evaded the pervert who crawled up to my knees by somehow doing a wonderful step.

[However, Kazuha. You are already the queen of one country, right? For you to personally take part in the competition tournament.....]

[That's right Kazuha-sama.....。 Me, Alzein-sama or Selen-san would be enough?]

I had just finished washing my hair, while Rei-san was doing \*KUNKAKUNKA(sniff sniff)\* sounds, like that。

Too close.

[I have you go to the Rakushadia republic with Graham and Lily]

[Hou.....? It means that I'll be taking part in the 『volunteer army』 again? That country is very busy]

[Yes, though I do not know it that well, something like『important cultural asset』seems to have been found again and I want you to look it up]

[『Important cultural asset』? , .....Is it perhaps related to 『spirit king』 again.]

[..... No, it doesn't seem to be related to the 『spirit king』 this time.....  
Probably?]

A few days ago, the document arrived from 《Rakushadia Republic》.

Because it's not delivered by using 『the magic mail』, It is not a 『Urgent call』.

However, we 《Infinity corridor》 are the reason, because I seem to have raised a considerable number of people substantially from each country.

[Again, Rei-san as the leader, Lulu and Tao will be excluded from [friend registration] and those people along with Zegius will be staying here at home. Well, I will be participating alone in [Tournament competition] which will be held next week, the winner gets a cash prize of 10 million G. So, I will fetch it.]

In the first place, Zegius is not counted as a war potential, because he is working as the blacksmith, too.

Trivial routine duties and meals in the Castle done by Rei-san will get done by Tao, and other tasks will be better let to Assistant Ruru.

[Just in case, 『the Queen of other countries must not participate in the tournament competition』Did such rule like that even exist? Rei-san]

[Eh?..... Yes, I think that surely there was no such rule as that]

Rei-san who answers while intertwining my hair with a finger round and round.

Indeed recently my hair has grown, but I don't think that because Rei-san keeps playing with my hair would be the only reason.....。

[A Weapon? You still have《Zwei handler》right? Do you want something new?]

[Ah..... No, I'm good. That does not mean I've been lazing this nine months. I was able to master it a lot. The 《large sword 》.]

I pointed to 《Zwei handler 》which was in the hand of a figurine wearing a western armor behind the throne.

Like that no one could guess that a weapon with the appearance of a heavy weapons such as that is the weakest weapon.

Well, the content is a 『wooden rod』.

The offensive ability is only 1.

[..... It couldn't be, do you intend to participate in the tournament competition with that sword again? This time, you are aiming for 『victory』 right?]

Zegius says while lifting his eyebrow.

[Yes, that's right. I am serious this time, but, I'll be 『tied』 only in 《magic 》. 《Skills》will be used.]

[.....Heck, When it comes from you where is the 『serious』 part? , really...]

Jijii sighed.

[Kazuha-samaaaaaa///]

Before I was aware, my hair got partially tied in a braid by Rei-san.

Don't play with another person's hair.....。

[And so, the person which will be staying in the castle is Zegius, and the person who'll be taking part in the voluntary army is Rei –san. So please do it correctly.]

I left that message and returned to my bedroom.

Traveling alone for a long time.

I feel excited.

Because.

Several times, everyday with these guys, I was unable to have 『peace』—.

## Chapter 72

At the western end of 《Euphrates dukedom》there is a small country 《Axeplant kingdom》and from here 2500UL to the south there is a port city 《Rindohairu》，from there I boarded a boat into the《Azal Limes empire》territory.

Altogether, it's a trip of about 3 days by boat.

I went to the deck to get some fresh air in the meantime. Naturally, I'm not able to manage my free time by doing something like this.

...

[Ah~. Nice weather]

For about one week, a nice weather has continued all the time.

I'll also get worried in the future about this condition, if this sunny weather were to continue, will the water be fine?

[The only ones whom are able to use the 《water magic》 are Lily or Selen .....]

When water was short, you could create it from magic for an emergency measure.....。

Because those fellows are participating as a 『voluntary army』, I think I may have untied 《tight binding》 of Lulu anyway.

[But, Well, the water in the well is still a lot..... and Zegius is there too, he would be able to manage it in one way or another when the time comes.....]

It's said that even the bandit group of goblins settled in the back of the mountain.

Just because Jiji is old and Tao is weak, even they can give fight, I'm not the only person who falls behind schedule.

Well... Lulu isn't the part of the fighting force at all.....。

[I mean, why do I being a queen have to worry about them so much.....。

Moreover , I am 『working away from home』 by myself.....]

Hah.....。 I sighed

Where did I make a mistake in making the country.....?

And, a sudden gust of wind came.

[Uwaaa!]

[Eh?]

When I turned toward the direction of the voice I heard, a figure was visible on the second floor of the deck.

[Mo, mou..... what 's with this wind.....]

The girl who complains toward the sky while keeping her long skirt.

[Ah]

[..... Hello]

Her eyes met with mine that I looked at from below.

(.....A deep green eyes , that blond hair..... And, pointed ear characteristic ...)

Probably that is an 『elf tribe』.

I have seen them several times in the previous life, but this is the first time I'm seeing one in 『the third lap』.....

[..... Did you see it?]

[Eh?]

[Please don't pretend ignorance, you..... My underpants..... Did you see it?]

The girl of the elf tribe looked down at me with a sulky look.

It is a lisping tone, but somewhat she speaks the language of the human tribe fluently.

[No .....I think that I probably did not see it]

[..... Is it true?]

The girl looked at me with eyes of suspicion.

Those deep green pupils somewhat looks like jewels, it's beautiful. I think.

And silence of a few tens of seconds.

Meanwhile, she glares quietly with eyes like jewels.

[..... Aree? You..... a girl ..... ?]

The girl who utters a word suddenly.

[Eh?..... yes, I am.....]

I think.

Since the beginning of the third lap in the world, haven't occurred for people to see me as something other than a 『woman』 in the first meeting until now.

(.....Ah, i see. Those 『eyes』?.....)

Those 『eyes』 such as a dark green jewel.

If I am not mistaken, I have heard that the elf tribe were provided with a peculiar 『magical power』 before.

The eyes that reflect the 『truth』 of anything.

It isn't known whether it's true.....

[Hey, come here for a second and let's talk a little? I have free time now]

[..... (Ji~)] {Staring}

[Ah, No. It is not like I will eat you]

[.....(JiJiJi~) {Staring}

[.....As expected, are you doubting me? Oh, well, I'll go back to the room.  
Even if I had cake —]

[I'll go!]

[.....Un?]

[Th, this cake is amazing, so delicious~! ///]

The Elf's girl happily fills in her mouth with the cake.

[Of course. Because anyhow it's the homemade cake a genius chef made.]

I don't know why but for some reason, before departure Tao gave me a whole homemade cake.

[I became a kid in there]

[No, I don't get what you mean.]

[Mumuu]

Elf girl stuffed a lot of cake into her cheek pouches.

Are you a hamster?

...

[Haaaaa /// It was good/// Thank you for the meal!]

The girl puts away the dish and the fork to the washstand.

She seems to know the etiquette of this place.

[And? Shall we go with self-introduction first of all]

I who ended feeding her begin to talk so.

[Ah ...。 I was too engrossed eating the cake ...。 For this, I'm sorry ...]

Pekori(action of quickly bowing), the girl politely bowed her head

When she bows quickly, her ears are shaking, and somehow it is cute, I think .

[I ..... I think that you are already aware.....。 I am a survivor of 『the elf tribe』 accredited as 『an endangered species tribe』 now, my name is Airi Woodrock]

The endangered species tribe.....。

If I am not mistaken, Zegius being from the Dwarf tribe said such a thing before .....。

[Ah—.I am Kazuha. Kazuha Axeplant. Nice to meet you Airi ]

[.....]

[?? ..... Airi?]

Somehow Airi becomes hardened.

[Ka,ka.....Kakakakakaka.....]

[....Ka?]

Her head was facing me and looked at me surprised.

What? Is my face so strange?

Do not insult me secretly, Oi.

And as such Airi began to cry.

[Kakaka, Kazuha Axeplant- samaaa!? Th, that 『War maiden』, that is famous all over the world.....]

[Ah. Yes. Maybe. Nice to meet you]

[!] ! ! ! ! ! bukubukubukubuku]

[Ah, She fainted.....]

Yare yare.

It's possibly, I'll get this kind of reaction from now on wherever I go?

This seems troublesome indeed.....

As expected, Is it impossible for me to participate in the tournament competition with my real name.....?

Though I considered such thing—.

—— I raised in my arms Airi who had fainted and decided to let her rest in the bed calmly.

## Chapter 73

[Nnn.....。 Aree.....?]

[Yo. Did you wake up?]

Airi who lost consciousness for about one hour wakes up.

[I.....! Ka, Kazuha Axeplant-sama!!]

Suddenly, Airi jumped from the bed.

As expected one from the elf race seems light—.

[Do you want to drink something? If it's cold lemonade I have]

[Uguu..... Lemonade..... I will, take it .....]

She seems embarrassed but Airi came here while pulling a chair to the table by herself.

This person..... She is the type of character who is weak for the food, absolutely.....

I pour some lemonade from a thermos into a glass, put crushed ice and gave it to Airi.

[Here]

[S, sorry]

Koku (gulp), Koku (gulp). Airi who drinks it.

She was quite thirsty.

[I want seconds, please]

[.....I know about the courtesy of elf tribe, but in terms of restraint?]

[? .....! hawawa.....! So, sorry Just now, is habitual.....! I, I, I, I am sorry!]

Zuzu, Airi drew back the chair, put both of her hands in front and apologized.

It may be somewhat interesting....., This person.....

[No, it is particularly good]

I pour lemonade into a glass again and drunk up.

Airi rushes up to a table like the fish which got water immediately.

[Ha, Ha, Ha]

Airi take out her tongue, and waits for lemonade impatiently.

Perfect, I guess where this pet comes from.....

The elf ear looked like dog ears for a moment, I rub my eyes.

[Hand]

[Ha]

[.....]

A terrible fast response from the hand order. This person.....

Bad..... This is amusing .....

[Seconds?]

[Ha]

[Wait]

[Gunuu.....]

..... What is it? This feelings.

How should I say it? it's adorable and it's obedient.

That reminds me, in the past, I really wanted to keep a dog.

My parents forbade me from keeping a dog, so when I became an adult I wanted to keep one really, that's what I think.....

[Alright]

[Kyaun///]

Airi raising her voice rejoicing, and began to drink lemonade with an overjoyed face.

I want to put this person under 《tight binding》 now and make her my

exclusive pet.

.....No, you must not do something like that, I.

Recognition as 『endangered species group』 that is something, such as 『protected species』?

Then they would be angry if I take her home with me without permission.

..... Even when I took out the demon king, there are people who were angry, Tao and Ruru.

[Puhaa, thank you for the delicious meal///]

Airi who drank up the second cup reveals a smile of ecstasy.

Bad.

I want to attach you with a collar.....

[Un?..... Is there something wrong? Kazuha-sama]

Airy tilted her head.

I look at that figure, I would imagine the result of Airy becoming a dog.

[Ah, Nothing. No really your hand...never mind]

[?]

My voice of the heart unconsciously came out carelessly.....

I deceived with a wry smile while scratching the cheek.

[Oh. That's right, Kazuha-sama for what reason, did you went towards 《Azel limes empire》?]

Airi brought up a topic.

I guess, she already satisfied herself when I looked at her cup and didn't asked 『seconds』 anymore.

[Ah—, Un. Somewhat is a little like my home country. You could say because of financial difficulties, or rather, because those idiots broke it a lot. So I proclaimed queen herself voluntarily here?]

[Strip?] (ED Note: I think in the last paragraph 肌脱い meant something at the

lines of proclaiming, literal meaning is ‘took off the skin of’ but couldn’t really find the second meaning.)

[That’s wrong!]

I unintentionally chopped Airi’s head.

[Ah, I’m sorry ! N...n.. !. ....『Stripper』..... ?]

[Did you note how I pronounced it?!]

The second time really, I stood up and slapped the table.

Furthermore, with a triumphant face appearance and her well versed pronunciation, that appearance made me spur a tsukkomi.

[I came to participate in the 『competition tournament』 which will be held next week! I’m participating while trying to win the championship because I want the 10 million G!]

I shout.

[Eh, Will Kazuha-sama be participating, too? Uwawa, this means that the honourable and brave figure of Kazuha –sama will be seen in front of me!]

[That’s right, so Airi will you be seeing how do I battle.....? Eh, Kazuha-sama 『too』?]

[Yes, I represent a group of elves, and will also participate. Tournament competition in 『Ether Clan』]

Enbari, Airy protruding her chest.

Her action totally looks like a dog.

[Hee..... surely because the ban of 『the possible race participating』 now was removed from this tournament]

[That’s right. Moreover this is the start for the 『alternative candidates』 for the purpose of being a 『hero』depending on the outcome of the tournament. Because it seems to be provided with considerable advantage .....]

[Eh? So Airi aims to become a 『Hero』, thus you are participating in the tournament competition? ]

Surely, with the tournaments competition the promotion from 『alternative candidate』 to 『Hero』 becomes faster.

In addition, it was stated in the letter that Erinu sent, that the new 『Hero』 law was revised, so that 『even a woman』 could become a hero depending on ability and even others than the 『human tribe』.

(..... Even if that obstinate father finally reforms it .....)

That day, I faced again to the 《Azal limes》 in order to pull out Graham and Lily, the date when I negotiated directly with the Azal limes King.

Certainly, It is true that his eyes to see me as a 『woman』 had changed significantly compared to the time of the last of the 『audience』.

In addition, I was a resident of 《Azal limes》, other than that I had an audience with the King once, but refused to accept the call even I hold a personal history

(. . . A woman saved the country and the Castle and Princess and Atchaa ....  
Oh yeah or how did his thinking also change?)

[? Kazuha-sama?]

Airi peeks into my face with a curious face.

[Nothing. But I see. Then, Airi and I are rivals right?]

[Uh ..... When you say it like that, I become nervous and my legs start shaking .....]

Airi feels ashamed.

That's right.

Even if the family decides about the Elfs participation, such as this, there is the possibility that the goblins tribe or dwarves tribe will also be participating.

And the result is. The second generation of heroes where even those from a 『non-human tribe』 have the potential for becoming a hero.

Of course a 『female hero』 as well.

Airy sees me with a sparkling look, and after this somewhat I had increased my expectations of curiosity about this progress—.

## Chapter 74

『Azal limes empire | Port town 《Ocean Weaver》』

[.....I feel sick.....]

[..... I also feel sick.....]

Two people left the ship with worn out face.

Or rather, the elf tribe can also get seasickness.....

[I wonder if it is because it has been a three days long time ride on the ship..... I wonder since when was it.....?]

If I am not mistaken, I haven't got into a boat since I had an audience with the《Azal limes king》from 《Rakushadia》?

[It .....uppupu.... is the first time that I am going out of the elf ... uppu ..... village]

From there on Airi held her mouth and fell silent.

Maybe she wants to say 『It is the first time I'm riding on a ship』 such feeling.

I looked at the main street from the harbor.

As usual here is a lively town.....

The town where various supplies and food are sent across the sea.

There some merchant are purchasing set items far away from the crowd.

[Airi, what would you be doing from now on? Though because the tournament competition will be held four days later, If you finish your entry at the reception desk of 《Ether Clan》 by the day before, there is still time]

I inform Airi who takes side after me still tottering while raising a groan voice.

[..... Uppu..... f, first of all, I want to take a rest today, let's get to the inn from here.....]

[Is that so? Do you have the right amount of money? Do you know which is the proper inn to take? Do you know it is dangerous at night if you don't lock the room? Do you know you must not go alone to the back alley?]

[..... Uppu]

..... But somehow I was worrying.

The elf village person who did not understand right from left in a city with a lot of people, wandering aimlessly, will she be alright?

Even under normal circumstances the『Elf tribe』is unusual.

Deceived by a bad guy, captured and sold by an illegal slave trader.....

[Ah..... somehow a fragrant smell is coming from that place]

Airi walked unsteadily to the restaurant district.

[Oi! Even though you're seasick like that and almost threw up, how can your appetite for food win!]

She is really a dog.

She certainly someday would be lured by the bait of a bad guy and get disarmed, and like that her body will be sold.

[It can't be helped.....]

I muttered and followed Airi.

Well, you should register the entry at the《 Ether Clan 》 particularly within three more days.

From here to the town of 《 Ether Clan 》 is about 1200UL.

With my legs, and how the place looks, I can probably get to that place in around 2 days?

I think I still have time to stay in 《Ocean Weaver》 today and tomorrow ....

[... For the time being, should I also eat? ... But I don't feel like eating... ]

『Ocean Weaver: outdoors restaurant』

[PUHAAAA /// my stomach is full ///]

A satisfied look Airi.

[.....You, you ate well although you felt sick]

An empty plate about twice my portion, laid plainly on the table.

I think the large eating skinny people was a word refering to this person.

[I cannot grow big if I do not eat chicken]

[『Properly』you fool 。 ..... or rather you, how old are you?]

She doesn't look like aged 14 or 15 years old.....

If I'm not mistaken, I heard that the Elf tribe have a fairly long life as well as the dwarf tribe.

[It is a secret]

[Why?]

[It's that the elf tribe isn't supposed to disclose their actual age to other tribes]

[Heh..... that I'm hearing it for the first time ..... ]

Is that so? That matter?

It's similar with 『the demon group whose true name mustn't be known by another person』?

Its name being exploited at random if known, which is treated as a 『Summon』 or 『Subordinate』? .....

We of 《infinity Corridor》 should also avoid to call the real name of Selen between members.

[A marriage partner might escape if I exposed my true age]

[That one?!]

[..... It is a lie]

[Is it a lie?! ..... Huh?]

What it is? The guest in a surrounding seat looks back toward here.

Bad..... . As expected I attract attention too much, maybe some people who noticed that I am 『Kazuha Axeplant』 came out.

Even so, I'd attract even more attention if I tried putting a 『mask』 in such crowd ..... .

I consider it while looking to the floor to cover my face from surrounding glances.

My hair also grew considerably than before in these past nine month.

Women change the impression they give by changing their hairstyles, I've heard of it, but looking at the place, my identity was not discovered except by Airi. Does the possibility exist of that rumor being true? .....

The last time when Rei-san played with my hair she placed several braids, just because of that I changed of hairstyle.

Afterward, well..... If a mask is outstanding, in that case how about an 『eyepatch』?.....

From here the long road towards the 《 Ether Clan 》 area was overrun by strong monsters.

There are people who lost an eye in battle and wear eyepatches that are visible here and there, I guess it does not really stand out .....

What if I went with that?

At the worst if my identity is revealed, it noisy crowd will be formed, it does not really bother me anyway.

I'll go comfortably, comfortably.

[Ah..That.....! Montblanc pudding !! ///]

Airi yell interrupts my thought.

[.....Yes,yes. .... The dessert is a different stomach .....ask for it, because I'm treating you]

[Kyauun ///]

Airi answered and took out her tongue like a faithful dog.

..... Can I really part with this Elf dog?

My hand opened the magic 『window』 unconsciously—?

—I stopped my hand that was about to choose 《 tight binding 》in a hurry.

## Chapter 75

『Ocean Weaver: Inn』

[Since the rooms are booked for the time being. Here, the key.]

After I finished eating I took the cheapest inn with Airi.

[Eee? Is your room separated? Kazuha-sama]

Airi follows me like a puppy.

She followed me while doing some jumps which looked like 『kenken pa』.  
(hopping on one foot)

Are you a child?

[Obviously, Why do I have to reserve the same kind of room.....?]

[Eh? but, I think it's somehow dangerous that the queen of a country is traveling alone.....shun]

Airi squatted in place, and began to write in the floor with 『Circle movements』—.

Well..... that is right.

Normally, the queen of a country traveling alone, wouldn't be staying at such cheap inn.

But, Airi.

I'm here in this country. That cannot be helped because I don't have any money hihhi.

I'll receive your feelings gratefully.

[Beside I got a room and got rescued from inn charge, I was saved (BOSO)]

[Were you planning for me to treat you?! You really a shrewd Elf –san— tto ]

While I turned around with a strange turn in place which almost kicked Airi to make her crouch, I somehow managed to stop the momentum.

Is she the kind of person who just says the first thing that she thinks?

I'm afraid that I seems to have stepped on many landmines in my life until now.

[..... Well, whatever. Because I was so tired today, I'm going back to the room to sleep. Do not go out at night, Airi—]

So I left a message, and opened the door room.

[.....]

[.....]

[No, like I said]

I put a stop to Airi who tried to enter the room in silence.

Why, did you really enter someone else's room naturally?

[I was taken care of by Kazuha-sama in various ways. So I thought I'd offer a massage for you]

I lifted my eyebrows by the word 『massage』.

..... What I was thinking.

My mind became like an old man itself.

How much I've walked in the 『third time』 life in this different world, I'd say to be approaching the late twenties in terms of experience age.

Thinking about this among other things being directly connected to 『that system』without arguing about, Are you not just some old man who likes dirty jokes?

[Airi—you]

[Yes, Kazuha-sama]

[Please]

I said so with a straight face -.

[Haa/// Haaaa/// Haaaaaaaaaan///]

[Sorry, Airi. Can you stop that sort of thing?]

I have been lying on the bed in a prone position

And on the top Airi was massaging my waist.

[Haaaaaaan/// Eh? What is it? Wha!/// Kazuha-samaaa///]

[No ... That voice ... Is it really necessary Airi?]

You should push the waist normally.

I don't need it with the sexy voice whenever you put power.

Or rather, since when did Airi's character become like Rei-san? ..... .

Could you pardon me various things...,....

[Next ... .. to relieve the thighs]

Airi half-turned, her back towards me, and she sat on my waist.

The moment when a skinny little hand of Airi approached my thighs, my body struggled.

[U, wai, wait! My waist is fine ! ticklish!! No! Stop it!] (1)

[Mumumu, Kazuha is stiff ..... If I want to loosen it I must do it diligently .....].

Airi ignored my struggling, and continued to loose my thighs.

Not good.....! This cannot be endured.....!

[Wait, Stop, Seriously impossible. Impossible, impossible impossible. Ra, rameeeeeeeeeee!]

[Ah, now, your thighs became 『Kyu』 Kazuha-sama. Do you want me to loose the side of the thigh?]

[Loose it, Fool?! Just stop already .....! Wai, Oi, you touching like that on purpose, right?!!]

[Really, Kazuha-sama's body became tense like 『Karaage』 looks very tasty]

[Get away from the food already! Your expression is scary and sneaky, I'm not healed at all!!]

I locked both my thighs, because Airi sat on my waist, I want to run away but i can't.

..... Aree?

Even I 『can't escape』 from this posture.....

[MUGUU..... I see. I don't find out any more then for what did I give a massage to Kazuha-sama for?]

She seems as if she gave up on her ideas so Airi moved her body from my back.

Dangerous..... I was saved..... I thought I might died,....

[Do you want something later? I will do anything so tell me...]

I lifted my eyebrows by the word 『anything』.

....

Mou, stop saying things like that already.....

[Mmmmm..... then, how about you braid my hair a little?]

The 『disguise』 idea that I got during the day

For this long hair from the forehead to be made straight, and the hair on the back to be made minor braids in some places.

And if it follows with the black eyepatch which i bought at a general store – -.

[Braid .....?. Oh, if is such a thing]

Airi concluded then she began to braid my hair.

[You understood Airi. That's right, I – – ]

I looked at my back towards Airi skillfully braiding my hair, for some reason her face seemed to be smiling.

[Is it love?]

[.....]

[It is love right?]

[It's different.]

I am sure to have seen the face of Airi still grinning.

This fellow is surely being stupid – -.

-----

(1) EdNote: I don't really get what can this be, but i think it was more like Koshi Yoi, there were a lot of options I'd go with either of this: My waist is fine (like crying for Airi to stop), i'm dying, i'm breaking. For the second(ticklish) one I don't know if that koshobai is Koshi Yobai that would be Sneaking on the waist: i think Airi was trying to go to Kazuha's important place IYKWIM

## Chapter 76

[Now then, let's depart]

The next day in the morning.

After we had finished breakfast at the dining district, we went from the main street to the west gate.

[It was a very good town, and particularly that Mont Blanc pudding was the best]

[I guess you surely have only kept memories of food ..... In your head.....?]

Out of the city from the west gate .

[Airi ? Because you are also participating in the competition tournament , I wonder if you can fight to some extent?]

[Of course i can. I am the 37th strongest warrior among the elf groups? Kazuha-sama]

..... somehow, that's a doubtful rank.

However what I felt when Airi massaged me yesterday, It could be said that i was 'unable to be removed of a motionless state' in that facedown posture, and that her capture ability is good to some degree.

Because I never fought directly with an elf in a previous life, their ability is unknown to me.

( ..... As i thought, there are still a lot of things I don't know. Even in 『this third time.』..... )

Moreover even with the previous case 《the king's spirit》 is the same, it is also a fact that a large ammount of the content that I knew from the previous two times have changed .

If I get so full of myself, I might end up doing something I'd end up regretting.....

[ .... Oh, that reminds me, Kazuha-sama will participate in the tournament competition with this 『disguise』right?]

Airi pyon pyon jumped in front of me and she turned to me.

I changed my appearance to long-haired with braids in some places and a black eye patch on my left eye.

With this I will be able to deceive the audience to some extent.

[Yes, that's right]

[If that case how about you use a nickname?『Kazuha-sama』 wouldn't you be found out by using your name?]

[Ah..... that's right. Well..... for now, just call me 『Kazuto』ok?]

Kazuto.

My real name that I felt nostalgic for.

[Kazuto-sama then, my name is 『Erito』, nice to meet you]

[What is the meaning of you using a false name!?]

[Uguu, somehow ..... I became a little envious of Kazuto-sama ..... shun]

Airi seems to have gotten depressed selfishly.

Somewhat she looks like a younger sister imitating her older sister.

She is an elf, a dog or a younger sister?..... .

Let's hope she makes a request.

[Well, for now let's get fired up, Airi. Because along the way to the 《Ether clan》 a lot monster comes out a lot]

[Y, yes ! I am fired up! ]

It's good.

Shall I assess the strength of Airi in the long journey to the 《ether clan》?.....

[Ei!]

『Gyuwaaaaa!!!』

[The enemies of nature are also my enemies! I won't forgive, 《Environmental destruction. Woody Edge Trust !!》]

Along with Airi's chanting a pointed stick appeared from the ground

『Gyan' !! 』『Goeeee !!! 』『Kyukyun' !!! 』

Sharp tip of the sword pierced 3 monsters one after another which were lined up in a straight line .

[Oh , Airi is a 《tree magician 》 huh.... But you know I – like those environmental destruction attacks of yours.]

I murmured and looked at the ground , which had become full of holes .

[I... the elf tribe love the forest . My skill..... Environmental destruction..... shun]

[Ah]

During combat Airi began writing the 『circle movement 』 on the ground . [EN: Again is not really a circle movement but her writing the hiragana 〇(no)]

As I thought....this guy might be an idiot.

Airi sat right in the Middle of the monsters that jumped from all sides.

[Ah mou! it can't be helped.....! 《full swing impact》 ! ! ]

I approached with a dash to the 4 monsters that pounced on Airi and with one rotation I triggered the previous 《 skill 》 of the large sword .

All the centrifugal force and brute strength poured into 《Zwei hander》, I swung my large sword with full force .

[Fly you fools!!]

Kakin——!!

Without even listening to the screams of monsters , the monster were sent flying out far away .

They'll have fun pounding mochi with the rabbit in the moon at best.

[.....Environmental destruction.....]

[ Don't sink during the battle stupid! ! Ah mou! Please stop writing ! ] [EN:

That no hiragana writing that she does while depressed]

[Elfs are supposed to walk with ..... forest ..... ]

This is bad. Seriously she got depressed. Did I step on a land mine?

[.....I'll buy a cake when we arrive at the Ether clan]

[Kazuto-sama! What are you doing! We must arrive at the 《Ether clan 》 as soon as possible and must complete the entry! After eating the cake !!]

..... Un.

It's good this Elf is so simple.....

After two days – .

『Arena district 《Ether clan》 : In front of castle gate』

[Hey ! You guys over there! ]

Two soldiers town wearing heavy armor at the front gate prevent us crossing the road with a long spear.

Or rather, this guy, seems familiar ... .

If I am not mistaken, 『at that time』, These guys, they see me and Alzein naked then spouted nosebleed and collapsed....

You guys still alive, that was good.

[You guys from which town did you come from? This town is known for its strict security of this country–]

[Hawawa.....somehow this security gate is scary....]

Airi hiding behind my back.

[Umuu// it's cute]

One of the gate soldiers extend his nose .

Oi.

[I,i it's unbelievable! This is unusual. Ojou-san was like the people of the 『Elf-tribe』?!]

Another gate soldier curiosity look at Airi. Do not look at my pet with disagreeable eye, bald.

[ Y, yes I am..... Umm, we are. .... from the city of the 《Ocean Weaver》 ..... We are here to participate in the tournament competition.]

Airi answer while hiding at my back completely frightened .

What.....? Male phobia or something ... ?

[Oi , you guys , don't look so much at her— ]

I speak to warn the two gates soldiers who looked at here.

[Pass ! you can through! ]

[Eh?]

[T, Thank you..... ]

[[Cute!!///]]

[... ]

Somehow, I wonder.

When I came for the first time to the 《Ether clan》 , I feel that the gate soldiers were madly in love with my figure.

But now I think.

Those two gate soldiers ignored me completely, obsessed only at the appearance of Airi that was hiding behind me .

No, It's not like i also want to said kyakya?

But somehow, this, my presence though....

No, certainly, I know because I am using an eyepatch and my hair grew up slightly with stylish braids in some parts too I know .....

....Aree, somehow I'm jealous?

No No No, It can't be, It can't be, It can't be

I'm a man. Why should I be jealous to a girl like Airi?

I guess this is bad.

Eh? I, I think in my true feelings, I want to be popular among men ?

Eh? No way. What's that? It is scary.

I know, my appearance became that of this girl almost for a year.

Possibly I ..... my mind gradually turned into a 『girl』 one?

That's bad. It's bad in a lot of ways. I'm afraid in a lot of ways.

What should I do? ..... If I come to like a man ..... .

Eh? I imagine, such as if I had love feelings towards Graham? Or wanted to be protected by Jijii?

Bad, I got nausea.

I want to cry, I want to start crying, I can't take it anymore——.

[Kazuto-sama?]

I passed through the gate soldiers and confirmed that there was no people around, inhaling deeply.

And, I cried like this.

[A———!!]

## Chapter 77

『Ether Clan: Arena: Reception desk』

[I'm a man, I'm a man, I'm a man..... BUTSUBUTSUBUTSU]

[Kazuto-sama.....what on earth happened to you?..... before you start to cry suddenly, this time you muttering to himself]

Airi looked into my pale face.

..... Yes. It is certainly cute.

I understand why those gate soldiers and others began to make Kya kya noises.

However.....

[Um, Airi ..... Would you leave me alone a little? Because of various situations becoming complicated, and I can't concentrate, I might end up crying again any time.....]

I continued murmuring the same words like a sutra over and over again.

[I see ..... Kazuto had various problems, too.]

Airi crossed her hand and nodded "Un, un".

This fellow certainly didn't understand .....

[Sorry to have kept you waiting. What is today's business?]

While being healed by Miss receptionist refreshing smile, Airi and I finished the entry for the tournament competition.

Of course I'm not registering with the name 『Kazuha Axeplant』but with the name 『Kazuto』.

In this tournament veteran are gathered from each country, there are many warriors participating while naturally hiding their identities.

To establish a new mercenary team with the 『ranking card』, or even to

become a 『hero』by showing 『power』itself as a replacement of card and various treatments.

Of course, there are people participating in the tournament to become a 『Hero』 by aiming at higher ranks, they register usually without using the 『Pseudonym』.

But although I have said it many times, I do not want to become a 『hero』 and am not interested at all, I'm satisfied with only receiving the 10 million G victory reward, and if I was given a financial opportunity for the life of a poor country, I am satisfied with just that.

[I am.....! A Super admirable King right .....?]

Tears flowed because of my humility.

Oi, you guys. Selen, Alzein,Rei, that good for nothing.

I'm working away from home for you guys, do you understand?.....

Tremblingly, I went to the arena while grasping a fist.

[.....Then, Kazuto-sama]

Is my inner voice being heard? Airi begins to speak.

[I'm really grateful that I could join the trip up here]

PEKORI, Airi politely bowed.

...

I see, that's right

[Aa, Let's do the best performance in the tournament competition tomorrow]

[.....Yes, I won't lose]

Mutual holding each other's hands.

And shaked hands firmly.

[Is the inn alright? you must not follow people who you don't know? Lock the room properly in the evening, and—]

[I'm alright, I'm not a child to that extent, muu ]

Airi puffed out her cheeks by my words.

No matter where I saw her, she was a small child for me.....

I separated hands with Airi, smiled and laughed and then went ahead through the main streets to the East.

Maybe she had a meeting with someone in this city.

[.....Huh? But she, it was the first time she came out from the village of Elves, didn't she say so?]

While seeing off the back of Airi's figure who was going ahead through the main street by a skip something or other; --.

-- With a bitter smile I began to walk to my favorite inn in the west.

After I finished a long-term stay registration, in the inn I dive in the bed of the room.

[Yes,..... this soft sense is irresistible.....]

The inn charge is inexpensive in my favorite inn, I think the soft and fluffy feeling of the futon to be first class goods.

Last time Rei-san offered me to sleep in luxury inn when I have a fever, honestly speaking, I prefer the feeling of a futon like this.

[ Tomorrow from about a month long huh..... ... ]

I remember the total number of people on the participant list which I read a while ago.

Tournament participants about twice the last time, 30,276 people had already finished the entry.

A large number of these would be the influence of the 『new law』 that Azel limes king conducted recently, for sure.

The result of the Arena is how shows potential in the way to becoming a 『Hero』 and it could even be another 『race』 or it could be a 『woman』.

It's also because this new law has been enforced that Airi can participate in

the competition tournament.....

[Erinu, she might surely be pleased. ]

I hugged a pillow firmly while lying facedown.

I haven't met with Erinu again since the founding of my country.

I mean, there would be no chances to meet immediately besides the public audience. Because I have become the Queen of another country.

[Somehow I feel as if they've been getting farther away]

I idle around in bed, while putting my pillow in the groin.

I like Erinu after all.

It is natural, she is my former wife.

Can Erinu be invited to my country somehow?.....

[That's right! I have to make a new law so I can marry another woman!]

Babatto (sudden action), I stand up.

And I deny the thought immediately.

[..... I'm stupid]

I collapse and bury my face in the bed

Why should I imitate things like obscene public executions?

That kind of situation would end up hurting me, and Erinu would also get hurt.

And, audience's eyes would be painful above all.

[Still in the worse possible situation I have to kill the True Demon King. And spend all on 『the fourth time』 huh.....?]

Really, what would be the next thing to come out?

Will I be reincarnated into a girl again?

Or would I become an elf like Airi?

Still, if I end up as a dwarf or goblin such as Zegius I don't want that. An appearance.

I mean what if the next time I become a 『demon king』?.

[..... I will laugh! ]

Well I chose my life with a gamble like thing.

And a 『country』has been created.

If I intended to bet my life on a fourth time I would have gone to kill the True demon king from the beginning.

[Haa..... I immediately became depressed..... Let's go to relax oneself for a moment.....]

I began waking up with a zombie like face slowly deciding to leave the inn without taking anything with me...

## Chapter 78

[Ah... I'm depressed...]

My motivation is falling right away.

Come to think of it, it feels like [that day] is soon.

As expected, I've been a woman for about one year.

As expected I notice what the cause of this sudden unstable feeling is.

[Even though tomorrow starts the tournament competition... Well... Anyway, if we talk about being right it would be bad if I don't go easy to some extent, but it'll be fine.....]

Ah—. Tension doesn't rise.

If I remember at the place that looks like the central plaza there was something like a large fountain.

I think I will go rest there for a while.....

Slowly, slowly. I go walking on the main street.

...

Central Plaza just crossing the Main Street.

A quite beautiful fountain is installed in the center, it has become like a small plaza.

[Oh, right time, no one is here ..... I wonder if my wonderful spiritual got increased.] (EN: I think by spiritual the author meant Kazuha's character, or something like when someone says 'I'm in high spirits')

I sat on one of the benches arranged like surrounding the fountain.

I closed my eyes.

Surprisingly, this sound of water really heals my mind.

[.....]

I felt somebody sit on the same bench.

I don't mind particularly, I am in the middle of high spiritual full burst sage mode.(EN: WTH is going on with Kazuha)

[.....]

I wonder if the person next to me also came to be healed by the sound of the water.

I do not know what but it has a very good smell.

No, about that smell.....I wonder what it is.

I half-opened my eyes and glanced at the next person.

A Dark purple hair color.

The length of hair is as far as the ear.

Well-featured looks.

I think is also quite tall. Is told by the length of this person's crossed legs.

(..... Uwaah, This is that. Is an Ikemen guy.....) (EN: Ikemen = handsome man, those that sometimes get roses in the background in some animes)

I sigh lightly.

When his behavior is turning to be extremely sketchy, I wonder if I should talk to a guy like this.

....

No, wait, I.

That.....?

A little while ago I .....didn't I thought something like 『is a very good smell』 .....?

No, certainly now as well isn't that really good smell from this person..... the scent of a man?

Ahh, isn't that called pheromones?

It's very relieving, I mean, I feel like offering him this body, I mean—-.

...

.....Oi.

I, Just now, what was that?

[..... Is something wrong?]

The man who is sitting next to me calls me.

I look at the sky.

Now I, because I am in trouble my face turn pale.

[A, N, nothing.....]

Oi!

Why did I sound nervous? What happened to me?

Look properly! What is next to me is a man.

A 『Young boy』 but 『Cute boy』but that's not it, is an adult man!

...

Oi.

I, Just now, what was that?

[Your face looks pale. Is your condition bad?]

The man brought his face near me.

Stop. Do not get close.

Because I am quite weird today.

Damn.....!

Is 『That day』being near related too? ..... 〇 Pardon me please seriously.....

[Hi !?]

The man put his hand on my forehead.

A strange voice has come out. Embarrassing.

[A fever. . . . . is not it seems. Oh, Sorry. Suddenly touching your forehead, you're definitely surprised]

The man took his hand off my forehead, my face probably turned red.

Surely as soon as it was separated, heat rose I think.

And this person realized it then separated his hands and apologized with a smile.

My face is getting red..... What happened to me?.....

[Err, I'm alright.....Um..... you are close....]

[?? ..... Ah, Certainly I am close... Hahaha]

The man withdrew to the edge of the bench while scratching his head.

I stroke down my chest feeling relieved.

[By the way, you..... from that appearance, are you a participant of the tournament competition?]

The man surveyed my figure without sarcasm as such.

[Eh? ..... Ah, yes, that's right.....]

Why am I using formal language?

Because this person is speaking with casual talk, I have to talk with casual talk as well!

It somewhat gives various strange feelings I am reeeeeeeaaally scary!

[Is that so..... By the way, I also participate. Look]

The man shows me an identification of participation.

『NO. 007654 Yuuri Hakushanasu』

[Yuuri..... -san. Right?]

I show my participation identification reflexively.

『NO. 030276 Kazuto』

[..... Hee. Even though you are a girl, you 『Register』with a name that looks like a boy.]

.....I am a man.

I'm going to be feeling a little bit unpleasant now.... .

...

N? 『Register』?

[..... Perhaps, my 『False name』is exposed?]

I ask nervously.

[Haha, that is for a girl like you to name you as『Kazuto』, even if it is your real name, I guess nobody will believe it]

[Are you serious?.....]

Well, that's so.....

The receptionist did not mind if registering with a false name or the real name as the identity.

It seems like there is such a great quantity of people who must cover their names without trouble if they have a reason.

Because I have just used purposely the name of my 『previous existence』 without thinking about anything, it can't be help if I get exposed in there.....

Putting away the identification of participation to my chest, I look again toward Yuuri again.

(..... ..I guess this person is popular among woman, huh..... such a refreshing smile and kind towards women.....)

Ah—. It is that.

He is the perfectly opposite type of person of Graham, no doubt.

It's because he's an ordinary criminal when making a mistake in one step.

When thinking so, I was instantly surprised by Yuuri, perhaps it's not a particularly strange thing.

No, it shouldn't be strange at all.

Because it is like this. Because there was no man in my country other than Jiji and the Hentai gentleman.

If there were some proper men around, I wouldn't have to have such a strange feeling like this.

And I smile.

The good-looking man who is in front of me looks puzzled.

Okay, because I am opposed to this 『flag』 – -.

—I decided to force the responsibility to Zegius and Graham.

## Chapter 79

[Once again. My name is 『Yuuri Hakushanasu』and I came from the 《 Euphrates dukedom 》in order to participate in the competition tournament. My aim is to win in this tournament, first of all my objective is to get promoted to [Hero candidate] ]

Haha, Yuuri laughed with a refreshing smile.

[..... That means, you have already settled an application as an『Alternate candidate』 to the《Azul limes king》]

I am all right.

The throbbing has mostly been settled by now.

I throbbing for a guy.

Pitiful....

[Yes, that's right. Because of the enforcement of the new law which was issued last month and I also got demoted. Hahaha]

[Demotion.....? Was Yuuri originally one of the『Hero candidates』?]

In that case he should have gotten an emergency call at the time of the previous 『Imperial capital invasion』.

[Yes, that's right..... But I had just received a long-term business trip quest in the《 Euphrates dukedom 》 at the time of the Imperial capital invasion. My mercenary squadron was not able to participate in the imperial capital defensive war. I was really sorry to everyone.....]

Is that so.

In that case, no wonder that I didn't notice Yuuri's face at that time....

In case of long-term quest in 《 Euphrates 》, probably it will be a mapping quest in the uninhabited island or something.

I've heard that in that country there is a considerably amount of wild areas.

The party all together stayed over for several days on the uninhabited island.

I think there was no way for them to be in time if they had just received the urgent call.

[As for Kazuto? As far as I saw, you seem to have undergone a lot of nice experiences. Were you not summoned at the Imperial capital invasion?]

It wonder if the one that Yuuri is talking about is me as 『Kazuha Axeplant』.

As expected, it was not only the 『Hero candidates』 and 『Alternate candidates』 soldiers that had been summoned at the imperial capital defense war, but also all members of the guild belonging to a 『mercenary group』 were being called.

Looking at my outfit, it would be a statement that he suspected that I was a member of some 『Mercenary group』 instantly.

Good judgment and insight.

I can't underestimate this person.....

[Ah, Un ..... more or less, ... is like I was called, and like I wasn't]

[Fufu, which one? Or are you dodging the question by doing that? I wonder are you provoking me.]

[I am not provoking you!]

[Joke, Joke]

Like that, Yuuri sprinkled a refreshing smile to me.

I looked away immediately before that smile hit me.

It's dangerous..... that smiling face.

Wasn't he taught some kind of 『darkness magic』perhaps?

The one which looks like the magic of 『charm system』 similiar to Selen's 《 of sense Whisper 》.....

[Anyway, because I don't feel well, Umm, I'm leaving.....]

Do not stutter, me!

A flag don't rise it—! Me —!

[So..... Un, I got it. You should take a good rest, because tomorrow is the real

thing of the tournament. I'm sure it was a long journey to here? And it seems like you have just registered a few minutes ago as far as I saw the entry number.]

Saying so Yuuri held out his right hand.

[If you fight with me, I ask you to be gentle. Kazuto]

[Y, yes,..... same here, Yuuri]

I who got hooked timidly hold out his right hand.

A slender white hand like a woman wraps my hand gently.

A flag...,...! Don't rise it— me.

[Then, See you tomorrow]

Yuuri raises his right hand lightly, and leaves refreshingly.

After that I watch warmly, fascinated by his retreating figure.....wait It's not it!

Stupiiiiid!

I as it is, collapsed in the bench with a flop.

[I was tired..... I do not know why it is..... But I am really tired....haa.]

But I wonder to where the depression of up to a little while ago go.

Although, what Yuuri said earlier, it makes the mood considerably relaxed.

[『Yuuri Hakushanasu』huh.....Is a dangerous guy, in various meaning...,.... For me.....]

I do not want to be in contact with him as much as possible in the tournament.

The tournament competition where power and power clash all out.

The best card of each other is exposed, the instant in which body and spirit are also exposed.

Mutual feeling which were thought to be friendship, before known —

[A———!! 『before known』is nooooooooooot!! Moreover I have to fight

him seriously!!]

Three or four passersby turned towards me, and they passed through as if there was nothing.

A crow cries high in the sky.

And everyone has disappeared around me—.

『Inn: My beloved fluffy bed』

[Eiya!]

I dive in quickly in my favorite bed after coming back to my room.

And I hug a pillow in my arm and lie down.

[Ah—it's no use..... I think about Yuuri when I relax..... this is seriously dangerous]

At a time like this, there's that.

Trying to calm my mind I do variously calculations.

I calculate while doing a bridge on the bed.

If I can win this tournament, the prize money is 10 million G.

Rei-san and the others have participated in the 『volunteer army』 task which payment amount is 500 000 G per person.

And, for mercenaries participating teams, the team that can bring the most 『important cultural asset』 to 《 Imperial capital Amuzeria 》 gets 4 million G as clear reward.

I think a reward is little awfully, but after all participating as 『volunteer army』 yields little profit.

But now because peaceful days have continued since 『the Imperial capital invasions』, the work received by the guild is also only cheap ones ... ..

[Err, how much it is? Because of Rei, Alzein, Lily, Selen, Graham .....2,500,000 G and..... Because of the clear reward is 4 million G, adding to 6.5 million G..... and If I win 10 million G so – -]

.....total 16.5 million G.

With earning only this, can the cost of living of the nine be covered?

[Yotto]

I stand up from the posture of the bridge.

[..... Let's go buy the napkin just in case. .... It's the one thing I forgot to take...]

And as I remembered, to a general store – -.
